

PowerBurst™

The World's Lowest Profile
3-in-1 LED Wing Light

Unbreakable

Waterproof

Vibration proof

Meets ALL DO-160F Environmental Standards

At only 22 millimeters in height (0.86 inch) the new PowerBurst™ is a value light that does not sacrifice anything in performance or standards as other economy-priced lights offered by the competition.

Our exclusive and highly advanced optics and chrome reflector system, our unmatched power and led management circuitry and our famous lowest-drag profile in the industry are all combined into a product that gives you unmatched POWER and FEATURES.
